SENT DEPARTMENT 1642, GUATEMALA 6.

Long Tass New York despatch reports Security Council proceedings on question referring Guatemalan case to OAS. Editor's footnote explains that this US "organ by aid of which USA accomplishes its policy in Latin America". Reports that after Soviet veto Brazilian and Colombian resolution (which Tass claims worked out in US State Department), "Lodge, having lost self-control, demanded in a temper that Soviet Union keep away from Western Hemisphere." After pious words that "aggression has no territorial limits" and Security Council has responsibility wherever it occurs, despatch reports French resolution passed unanimously.

PRAVDA article signed observer claims at length that US organized attack on Guatemala, claiming that "planes of unknown country which bombed women and children in Guatemala turned out to be American planes with American crews. And this the State Department of USA calls rising on Guatemalans against Guatemalans."

Paper NEW YORK TIMES, for its part, writes openly enough of role Dulles brothers--particularly emphasizing role Allen Dulles, Director CIA of USA--in matter of unleashing intervention against Guatemala". Article concludes "American ruling circles stand before public of whole world as aggressors against people of little Guatemala".

Kamynin article IZVESTIYA also elaborates on theme US aggression claiming this started "after Guatemalan Government limited activity American company United Fruit Company, which ruled in country for decades, and confiscated from it part of its land on basis of law on land reform". Quotes Senator Capehart as saying that "removal of Government of Arbenz answers our highest desires." Article claims all peace-loving peoples condemn US aggression Guatemala.

Lavrov article LITERARY GAZETTE on same theme, claiming planes that bombed Guatemala City were "American bombers P-47 and P-50".
